## FULL STACK DEVELOPER

---

Computer Science graduate and full-stack developer (MERN) with hands-on experience building responsive, production-style web applications. Experienced in building client-facing websites, integrating REST APIs, and shipping projects end-to-end from UI to deployment.

## SKILLS

---

**Languages and tools** : JavaScript, Python, SQL, React.js, HTML, CSS, Node.js, Express.js, Visual Studio Code, Git, GitHub

**Database** : MongoDB

**Communication** : Hindi, English, Sindhi

## EXPERIENCE

---

### Frontend Developer

*Simtrack Solutions*

Mar 2025

*Remote*

- Built responsive web applications using React.js, JavaScript, HTML, and CSS with a focus on usability and performance.
- Developed reusable UI components and followed modern frontend practices to keep interfaces clean and maintainable.
- Integrated frontend components with REST APIs to display and manage dynamic application data.
- Collaborated with team members to resolve UI bugs and improve the overall application experience, using browser compatibility checks and responsive design principles.

## PROJECTS

---

### DocPulse-Healthcare Platform

*MERN Stack*

May 2026

[Live link](#)

- Built a responsive healthcare platform (DocPulse) with 10+ pages for doctor listing, booking, and consultation, tested end-to-end with real users.
- Implemented user authentication (login, signup, OTP verification, and Google auth) and integrated frontend with backend APIs using Axios.
- Built a live consultation chat system with AI-chatbot support and timer functionality, managing global application state using React Context API.
- Designed reusable, mobile-responsive UI components used across booking and consultation flows

### Personal Portfolio

*React.js*

Sep 2025

[Live link](#)

- Built a responsive personal portfolio using React.js, HTML, CSS and Bootstrap to showcase projects, skills and experience.
- Structured it into reusable React components for maintainable frontend development
- Added smooth animations and interactive transitions using Framer Motion to improve engagement.
- Deployed and hosted the site on Vercel

## EDUCATION

---

### Bachelor of Technology in Computer Science and Engineering

*Dr. APJ Abdul Kalam Technical University*

2022–2026

## CERTIFICATIONS

---

- Certified FullStack Developer by D-evlopers
- Softpro: Web Developer Workshop
