INTERNSHIP

Simtrack Solutions 
Frontend Development Intern

March 2025
Remote

- Built and styled responsive web pages using HTML, CSS, and JavaScript, ensuring proper layout and usability across different screen sizes.
- Translated design mockups into functional web interfaces with attention to detail and clean code structure.
- Improved website interactivity by implementing DOM manipulation and basic event handling using JavaScript.
- Collaborated with team members to fix UI bugs and enhance overall user experience.
- Gained hands-on experience in frontend development practices including code debugging, browser compatibility, and performance optimization.

PROJECTS

DocPulse - Healthcare Platform  | MERN Stack

May 2026

- Developed responsive frontend using **React.js** and **Tailwind CSS**.
- Built doctor listing, appointment booking, and consultation interfaces.
- Integrated frontend with backend APIs using **Axios**.
- Implemented login, signup, OTP verification, and Google authentication.
- Developed live consultation chat system with timer functionality.
- Managed global state using **React Context API**.
- Built reusable and mobile-responsive UI components.
